SUMMARY

Experienced Software Engineer skilled in technical support, troubleshooting, software and web development, and code review. Proficient in WordPress customization and plugin development. Holds a Bachelor of Science in Computer Engineering, dedicated to delivering high-quality solutions.

JOB EXPERIENCE

Software Engineer, B2BE GSS Phils Inc. (June 2024 - Present)

- Served as a code reviewer, ensuring adherence to company standards and best practices, and exporting code to the production environment.
- Led shift team members in resolving tickets and providing coding assistance, fostering collaborative problem-solving and efficient task completion

Associate Software Engineer, B2BE GSS Phils Inc. (Aug 2022 - June 2024)

- Provided Level 2 technical support, troubleshooting and resolving complex issues to ensure the smooth operation of systems and applications.
- Developed programs for text format translation, improving efficiency and accuracy in data processing and communication.
- Conducted comprehensive testing of developed work, minimizing follow-up requests and bug fixes, and ensuring high-quality deliverables.

Wordpress Developer, iPhiTech IT and Digital Solutions (Nov 2021 - Aug 2022)

- Developed and maintained an existing website, ensuring its smooth operation and user-friendly experience.
- Utilized WordPress and its plugins to customize and enhance the website according to client requirements.
- Created a customized plugin that was implemented across multiple client websites, improving their functionality and efficiency.
- Implemented new features and functionalities on the existing website, enhancing its overall performance and user engagement.

Intern Developer, iPhiTech IT and Digital Solutions (Sept 2021 - Nov 2021)

- Developed a fully functional website from scratch using WordPress and Shopify, ensuring seamless navigation and functioning pages.
- Translated Figma layouts and PSD designs into working HTML websites, bringing visual concepts to life while maintaining code quality and responsiveness.
